CAS genesisWorld

xRM and CRM for small and medium-sized companies

» I like the fact that my employees all find CAS genesisWorld easy to use and yet, it is also flexible enough to accommodate special requirements. So my employees can concentrate on the business and not have to worry about the application. The overview I get is important, as it allows me to recognize potential quickly. «

Hans-Jürgen Heyduk, Managing Director

Industry sector

Services, textile care

Requirements

- Specific turnover goals must be reached within a defined time period
- Management of franchise operations and their inventories
- Clearer representation of acquired prospects
- Subdivision of the sales areas according to field staff
- The solution has to be customizable to fit individual requirements
- For better controllability, users should also be able to publish entered data as graphical reports

Benefits and Advantages

- Prospects can be subdivided according to phase/status for more effective contacts
- Paper data records can now be reproduced directly in the software
- The workload for field staff has been reduced by using simple, clear views
- Franchises have access to professional data and inventory management
- Genuine time savings when entering, maintaining and searching data records
- Dynamic list views and reports help in managing the sales processes
